HOW TO SUBMIT YOUR WORK:

Use the "**Art Submittal Form**" link (on the Call For Artist page on the website) to upload high-quality images of your work and fill in the necessary information on the form. This can be done **only during the online submittal dates**. Then bring your artwork to the gallery on the Exchange Day, which is the MONDAY before the opening of the show, between 10:00 am and noon.

If you are **unable to complete the online submittal**, you can bring your work in on exchange day along with a completed take-in form (find out what kind of show you want to join and download that form- non-juried, or juried). The Exchange Day volunteers will help you upload your work to the online virtual gallery. Be aware that most shows are non-award shows unless stated in the Call to Artists' post. You can also refer to the CCA website Calendar for show details.

Be sure to label with your name and the name of the piece and price on back with removable paper.

If you're **unable to bring your work in on the designated day and time**, please contact the Gallery during open hours or contact the Gallery Director, to see if other arrangements can be made. However, it is best if you have a relative or friend bring in your work at the Exchange Day date and time.

Our Gallery walls have limited space of around 60 feet. On rare occasions, we have too many art entries to place everyone's pieces on the wall. If you or we uploaded your piece to the Virtual Gallery then you know that it will be seen there, always. However, we may ask you to hold back a piece so that you can place that up when another piece sells. Thanks for your understanding.

W9: Along with those requirements in the "How to Submit Your Work" section above, **please fill out a W9 Form (PDF download here) to have on file with us**. Please bring it in on Exchange Day with your art. It will get sent to the Bookkeeper.

Wiring Guidelines: Artists must ensure the artwork can be easily hung from our hanging system. All wall-hung art must have braided picture wire, with wire ends wound and taped securely. Wire must be fastened approximately one third from the top with wire reaching not less than 3 inches from the top of art piece.
